

FREQUENTLY ASKED QUESTIONS

What are Color Street 100% nail polish strips?

Color Street nail strips are real nail polish in a dry strip form, with base coat, color coat and top coat in every strip. It's a quick, easy way to give yourself a salon-quality manicure without any mess or wait time.

What are Color Street nail polish strips made from?

Color Street nail strips are made from 100% real nail polish. Please see product packaging to see the complete ingredients listing.

How long does it last?

Although everyone's nails are different, your Color Street manicure can last up to 10 days. Color Street strips are more durable than liquid polish, so they are more chip-resistant and last longer.

How do I find the right size?

A Color Street manicure set consists of two sheets, each containing 8 double-ended strips. To find the correct size for your nail, simply check the strip against your finger, choosing the one that closest matches your nail size. Gently stretch the strip (horizontally to make it wider, or vertically to make it more narrow) for a perfect fit.

What if it looks like I can just peel it off?

When you open the package, the strips are about 95% dry - which makes them flexible and repositionable. They need 15 to 30 minutes to completely set to your nails.

How do I remove Color Street nail strips from my nails?

Since our nail strips are made of 100% nail polish, you can use regular nail polish remover.

What if I don't think I'd be able to apply it on my own?

It takes a little bit of practice, but you'll get used to it quickly. Don't worry about making mistakes, since you can reposition the strips during application.

Where are Color Street nail strips made?

Color Street is developed and manufactured in New Jersey, USA

Are Color Street nail strips Vegan?

Color Street is proud to affirm that it does not currently conduct, perform, or commission animal testing. However, Color Street has not undergone the testing for Vegan certification, so we CANNOT make this claim.

Are Color Street nail strips Cruelty Free?

Color Street is proud to affirm that it does not currently conduct, perform, or commission animal testing.

FREQUENTLY ASKED QUESTIONS

Are Color Street nail strips Gluten Free?

Based on our vendor information, we do not use any wheat (i.e. gluten) ingredients (see ingredient listing). However, Color Street has not undergone the testing for Gluten Free certification, so we CANNOT make this claim.

Are Color Street nail strips 3-Free, 5-Free, 8-Free, etc.

No. Color Street nail strips contain low levels of Toluene. Studies have shown Toluene is safe to use in nail polish, because exposure risk is negligible. In addition, our nail strips are partially dry, and the fumes from the chemical is largely reduced.

Are Color Street nail strips safe to use on my pet?

We strongly discourage using Color Street nails on your pets. Due to the fact that it's made of real nail polish (and must be removed with nail polish remover), we cannot ensure that it is safe to ingest for anyone, but especially dogs, cats, and other furry friends.

Are my Color Street nail strips re-sealable?

Color Street nail strips are designed to be a one-time use product. Products should not be re-sealed or saved, as the product may not be usable, and the quality cannot be guaranteed.

What is the "shelf life" for Color Street nail strips?

Factory sealed shelf life is 1 year from date of purchase when stored properly. Strips should be stored away from direct sunlight and at room temperature. It is possible that with favorable storage conditions, product over a year old is still in usable condition.
